**Your Commitment to Attendance**

Rotary Club Constitution provides for termination of membership when a member is absent from 4 consecutive meetings. A member may make-up at any Rotary Club or authorized Rotary Function within the prescribed period provided the Rotarian has attended 30% of the home club's meetings. It also provides for automatic termination of membership when a member's percentage is less than 60%. The time period for attendance make-ups is two weeks on either side of a missed meeting. More information is available from the club secretary. [Here are some locations for make-ups and directions for how to get there.](#)
