

## Rotary District 7690 - Piedmont, North Carolina, USA Service Opportunity Summary

Date: October 2, 2006

Project Title: **Zambia Poverty Eradication Project**

Type: International Service Project

Project Summary: The goals of this project are to make orphanages, leper camps and non-governmental hospital to have income generating enterprise to defray operating expenses; and to provide water pumps to marginal farmers to irrigate their lands so that they can increase their farm production and earn a better living.

Project Details: 3 Hammer Mills (grinds corn to fine flour, called "mealie meal" to be donated to orphanage, leper camps and a charitable hospital with the intention that these institutions will use mills as commercial venture to generate income for their operations. This will help them in their goals to be self-dependent.

The project also plans to donate 18 Treadle Pumps to three selected village councils. The village council will rent the pumps to village farmers to irrigate their lands and thus increase the farm production. Higher year around production will improve the standard of livings for these marginal farmers. The village councils will use the income from the pump rental for pump maintenance and possibly buy more pumps for the village.
